

R.N. Care Manager

WellNet Interactive, the wellness and health management division of WellNet Healthcare Group, is seeking energetic, motivated R.N. Care Managers to provide Care Management (“Disease Management”) services for our client organizations and their health plan participants. This full time position, located in our Southampton, PA and New York City offices, offers highly personalized care management for a wide range of disease and health risks. Interactive communication and member support is offered through an innovative technology platform, including an online member health portal.

Qualified candidates will have:

- A minimum of 3-5 years experience in a clinical setting with an emphasis on adult medicine
- Telephonic Care or Case Management experience is preferable
- Current state R.N. licensure is required
- Bilingual (Spanish) capability
- Adept at computer skills and ability to work with Microsoft programming and web technology
- Strong work ethic and attention to detail
- Ability to work within a team structure and complete projects of varying complexity on a daily basis

This position offers competitive compensation package, including health benefits, 401k, ongoing training, and paid time off. We are an entrepreneurial company and growing rapidly - there are ample opportunities for professional growth and development.
